expose, “Graphene Oxide: Little Razor Blades In Your Blood Slashing Your Organs Until You Bleed To Death.” Dr. Andreas Noack, PhD Chemistry & specialist in graphene micro-structures, reveals covid vax analyses contain micro “razor blades,” injure & kill by internal bleeding – 11/21/2021 AD <https://www.theburningplatform.com/2021/12/07/graphene-oxide-little-razor-blades-in-your-blood-slashing-your-organs-until-you-bleed-to-death/>  
Summary of how covid bioweapon’s graphene oxide injures and kills:

“...On November 2nd, a prominent Professor at the University of Almeria, **Dr. Pablo Campra**, [revealed his detection](#) of Graphene in multiple Covid-19 “vaccine” vials, using Micro-Raman Spectroscopy. The Dr. Campra’s [University of Almeria report](#) demonstrated the detection of Graphene and Graphene Oxide in 8 samples from various “vaccine” manufacturers.

In response, **Dr. Andreas Noack** released a scathing video commenting on Dr. Campra’s report. Dr. Noack is a chemist and the world’s leading expert in activated carbon engineering and GRAPHENE. Dr. Noack did his PhD doctoral thesis on how to turn Graphene Oxide into Graphene Hydroxide.

The video is of crucial importance. Dr. Noack said that two of the frequency bands that Dr. Campra detected were of Graphene *Hydroxide*. **Graphene Hydroxide (GHO) is a mono-layer activated carbon, 50nm long and 0.1nm thick (an atom layer thick). Thus, the injections contain nano-razorblades of exceptional stability, which are non-biodegradable (a fact that every chemist knows).**

In effect, these nano-razorblades cut up and destroy the heart, brain and cardiovascular system. The epithelial cells become rough so things stick to them. He says that toxicologists cannot find them in a petri dish by normal methods as they do not move and they don’t expect to discover nano-sized razor blades. Moreover, any doctor who injects them with knowledge of this issue, is a murderer.

Graphene Hydroxide is a new material and toxicologists aren't aware of it yet. This is why people are dropping dead from these lethal shots, especially athletes, **Dr. Noack explains. This is a “highly intelligent poison”.**

What's even more horrifying is that if you perform an autopsy you will not find anything. This *stealth weapon* is even untraceable after death. The Graphene Hydroxide nano-razorblades cause people to bleed to death internally.

“Even if people don't drop dead immediately, it cuts up the blood vessels little by little... I can say as a chemist that we are absolutely certain that the Graphene Hydroxide is in there... as a chemist, if you inject this into the blood, you know you are a murderer...”

Whistleblower scientist reportedly assassinated hours after presenting findings on live video as German police make forced entry to arrest him for broadcasting “misinformation” as he shared his findings in presence of wife; reportedly found beaten to death hours later in police lockup:

“11/21/21 WHISTLEBLOWER DR. ANDREAS NOACK, renown Austrian chemist, is dead just hours after speaking out about the effects of the adjuvant Graphene oxide, a nanotechnology added into the injection; explaining that it is what is actually killing people; explaining it works by cutting up RBC blood cells “like nano razor blades”, leading to eventual internal bleeding, and depending on force of one's blood flow, determines timing, explaining why athletes are suddenly dying during practice and games, or why some die instantly if it was injected into the bloodstream instead of the muscle...”

“Dr. Andreas Noack, a German doctor arrested in a police raid  
Reports also indicate that Dr. Andreas Noack was under investigation by the authorities for being non-compliant with the COVID-19 lockdown laws enacted by the German government. Some people speculate there could be more to it that is known presently. The arrest was made after the German Parliament passed the “Infection Protection Law”.

In the live stream, policemen can be heard banging furiously on the door of the place, where Dr. Andreas Noack was broadcasting. “It’s the police,” a man can be heard saying off-camera in panic. The video then shows police barging into the building forcing Dr. Andreas Noack to the ground. The police then proceed to turn off his live stream.

People who were watching the live stream are currently speculating the reasons for arrest. “I think the guy is guilty of expressing his opinions,” said one user. Another said, “This is happened to Doctor Andreas Noack in Germany. After the unconstitutional approval of the infection law, police broke into his house while he was having a live transmission on YouTube.

Those who cried against fascism have created the most criminal dictatorship in history.”
